

'Abstract Collaging' Workshop with Ransome The Sketchbook Gallery

Supply List

Workshop Collage Examples:

- Utility or craft knife (X-acto) with a variety of blades
- Ruler (metal is best) for measuring or straight- edge
- Brayer
- Glue/adhesive (the BIG question) It really doesn't matter- bring what you like (we will discuss this during class)
 - Examples: Yes paste, Nori glue, glue sticks, Mod Podge, Extra Heavy Gel Matte Medium
- Scissors
 - Small fine-tip and all-purpose
- White artist tape

- Support or surfaces for your collages
- Paper
 - Almost any type of paper can work. I have used sheets from my sketch book, 1, 2, 3 or 4 ply Bristol board is good, cardboard or sheets of illustration board. Keep in mind we will be working no larger than 9 x 12", and we may make 4 to 6 collages over the two days, so you don't need a lot.
- Scraps of papers
 - Found- any papers that you like the pattern of (any size or amount)
- Decorative papers
 - buy one or two sheets of decorative paper from your local art store or online. You can also bring gift wrappings or a few magazines or newspapers and junk mail.
- Sketchbook or Drawing Pad
 - Bring in a drawing pad or sketch book– 9 x 12" or 11x 14", To make your own patterns. Students are welcome to make a few patterns before class starts and bring them in, but this is not required.
- Cutting Surface
 - You may want to bring a surface to cut things on. A small self-healing cutting board or cardboard will work. I'm a scissor person, so I will not need one.
- Random Art Supplies - Your Choice
 - Finally bring your bag of goodies to make. Crayons, pencils, pens, ink, any type of paints, brushes, pastels, colored pencils, erasers, and other things that I could imagine you could use to make art with. The most important thing is to bring yourself, bright eyed and ready to CREATE!

Do not bring: Oil paints, spray mount or Bourbon.
